

*I Want All Mankind To Unite,
To Become One – To Know That They
Must Realise What Is Within Them –
It's Their Atma Or Soul Or The Jiwa!*

Divine blessing, My children.

*'OMm Surya Namaha
OMm Surya Namaha
OMm Surya Namaha
OMm Surya Namaha
OMm Surya Namaha'*

My children, what you all have brought today is what is most important when you do an offering.

The five (5) fire-lights when they get lighted up - the one that you gave Gita is for the five (5) elements - and the one that you gave Madam Ho is for the five (5) senses.

I requested you for an 18 inch - you got it for 21 inch but that represents the Platform - without knowing - one is a male aspect that you brought My child Gita and what she brought is the female aspect.

The 'Surya Kund' or the 'Surya Pond' is the male aspect.

The 'Moon' or the 'Chandra Kund' is the female aspect that you brought Madam Ho.

You were told to bring it is not for any show or to look into your purses – what you have offered is for your son and for your daughter to do well in their Lifetime but especially now – it is a bad period of time that both of them are facing – your son and your daughter.

One could have gone deaf – the other one could have been handicapped by getting one of the legs affected – and for Life they will have to be with their deformities.

What you have offered has gone by a way of a gift - an offering - it will go as an offering to a place where the 'Sudarshan Chakra' – that is a 'Spinning Wheel' My child which represents the Wind part of it - for it can travel to any part of the Universe - which will come into a big force and this will be seen by someone hovering above the 'Moon Platform', the 'Sun Platform' and the 'Earth Platform'.

I will try and give you a glimpse of this 'Chakra' being rotated up – people may think it is an UFO - it is not, My children.

It has come to identify the presence of the 'Divine Power' in human beings – each one of the human beings born at this time – you have taken a human birth but you are of a higher birth – but you have come down to take a human birth so that you can perform all your actions that you have to do in your Lifetime which is governed by the number of breath that one takes – and to be with 'Very Highly Spiritual Souls' – 'Self-Realized'.

You must understand - 'Mount Fuji', 'Mount Kailash' and the 'Cotopaxi Volcano' in Ecuador – these three are places where I live, My child. I go there to energise the elements for the elements must be purified and made pure for they are the one with different composition – they make up the eighty-four thousand (84,000) species and Mother Nature on Divine Mother Earth and in all Planets wherever there is a Form.

The Formless becomes the Form and the Form becomes the Formless.

It is a 'Universal Cycle', My children that takes place.

If I am able to go to these three mountains to energise the elements that means every Atma or Soul also goes there to energise the elements.

The Soul is different, My children or the Atma is different from the elements.

They have to be linked thus a Form is created.

You have to have the Sky or the Universe.

The Air.

You must have Water.

You must have Energy that's Fire and you must have Earth.

All of them are different from each other - but when you put them in different combinations they can take 'Different Forms'.

Nothing is non-living, My children, everything is living.

Even if you keep a stone or a metal piece in time it will get – it will be destroyed.

This takes place – but you must understand that all these 'Three Prayer Places' which I created – the Moon, the Sun and the Earth – they represent 'Mount Fuji', 'Mount Kailash' and the 'Cotopaxi Volcano'.

All three of different nature - all the three mountains - and all three are all the time active.

Man calls it as a volcano and he gets frightened if the lava flows to a side where human beings are affected – if not – they are not in the least worried.

Volcanos takes place is to inform the other Universal-Forms that Divine Mother Earth is alive.

My children, 'Mount Fuji' is in a land which is called - a land of the rising Sun.

Look how it is?

The land of the rising Sun - and do you know the wealth that is below 'Mount Fuji' - who are those who are there - all are 'Self-Realised Souls' who come from different parts of the Universe - they come too and for purposes I would not like to mention - they are there - they are in 'Mount Kailash' and in a 'Cotopaxi' in Ecuador.

My children, these are very powerful places.

You might have been to 'Mount Fuji' - you thought you were just walking on 'Mount Fuji' and you are getting into the cave where the cocoons were there.

You do not know what each cocoon represents.

If only you are given an opportunity to sit in and count the number of cocoons that are there - they all represent each 'Galaxy' - understand.

I want all Mankind to unite, to become One - to know that they must realise what is within them - it's their Atma or Soul or the Jiwa.

It's only when you recognize Yourself - when you learn to Love your Physical-Form by just touching them - looking at them in a mirror - turn Yourself - look at Yourself - all your senses you must make use of appreciating your Physical-Form for there sits the Divine within you in the Form of an Atma or a Soul.

And you must understand the millions of cells that you are made up of - you are the best creation that the Divine has done on Divine Mother Earth.

There is nothing better than yours.

It is such a perfect Form the Divine has given you.

The Divine wants your Soul to reach the Divine - the Atma with the Paramatma or the Soul with the Divine.

You do not know who you are?

Why I take you to different places but I include other individual so that nobody knows whom am I taking to different places for different reasons.

It's only when you come to know who you are - the time is nearing very closely - it is coming slowly - it's closing in - closing in - closing in.

Yes.

Then you will know who you are.

Why are you all with Me?

Because you do not know whom am I.

When you realize and come to know who you are - then you will know who am I - there is no difference, My children with all the Atmas around or the Souls - they are all One - there is no difference.

It is just because you take a human birth - you are given the best of intelligence - and with your senses you are able to analyse what you are seeing, what you are hearing, what you are smelling, what you are touching or what you are tasting - and with the voice box given to you - the vocal cord - you are able to bring in different sounds and these sounds in different parts of Divine Mother Earth - they have been brought into different language that you are able to understand but the sound is the same - same sound coming out of you but when the sound is used in a combination then it forms into a word that Man feels that he has created - so that a communication can take place - that is why a sound is created.

If someone scolds you and if you think - ah - after all it is only a sound coming out of his mouth - you will not get hurt, My children.

You will just forget it.

If the same person who says things praising you and bringing beautiful words of you and describing you and if you think after all it's only a sound coming out of his throat - you may feel comfortable - but for both of these are in the extreme ends - one you get angry - the other side you are full of happiness.

No, My children.

Even what I am talking is nothing but 'Sound' - and how is 'Sound' created - by Vayu, the Air, the Wind.

It's only the 'Sound' that can move.

'Energy' doesn't move.

Only 'Energy' combines with 'Sound' - it moves.

'Sudarshan' - the 'Chakra' that you find - that is in the finger of the 'Hindu God' - a disc - a rotating disc - it moves in two ways, My children - it rotates in the clockwise and anti-clockwise direction - both the things are taking place at the same time - and it is that 'Sound' that started the - 'OMmmmmm'.

Anything you take and put into your ears it will make the 'Sound'.

Even if you go 'outer space', even there when they hear 'Sound' - it is 'OMmmmmm'.

The 'Sound' doesn't belong to any individual. My children - though everybody fights over the 'Sound'.

Why should you fight?

After all the 'Sound' for a human being comes out from the throat.

So why, why do you fight for something that is Air, that's Wind, that's blowing?
And when there is movement - 'Energy' is created - is simple.

Everything that moves goes with 'Energy'.

That's why even now if you have your phone – you dial a number – and it goes – what happens – how does it travel?

That 'Energy' travels in a wave disturbing the Wind, My children or the Air – it is the Air vibrates in different forms – creating the movement thus you find the movement brings about the 'Energy' – the 'Energy' brings about the movement.

The 'Sound' when it starts vibrating it creates an 'Energy'.

You must understand this very carefully.

All will go well, My children.

The trip to the Surya and the Chandra Kund must take place but at the different time – when everyone is free.

I will let you all know when.

There are many things, many places must be visited but slowly.

There was one time so many places were visited but then there is a Time of Self-Realization - of Self-Surrender - Self-Sufficiency and Self-Confidence - must be created and then start with another movement.

Like how 'G' has gone to so many mountains and all the oceans - all the major rivers just to do a Prayer.

You need only 'One Self-Realized Soul' to achieve everything for all other Souls or Atmas.

So, your new recorder has got a 'New Message'.

Anandam (*Blessings*), My child.

Q: May I ask some questions?

Ask.

Q: The Sun Altar – no Prayers done there and the Crystal is just lying there, what do we do?

Don't worry.

When the owner of the 'Sun Altar' is prepared to give the Crystal then you bring it.

Q: Can the wife do?

It is left to her.

It is their property My child.

She can hand it over to you.

Q: Where do we put it?

You get it and bring, there is a special place that is being prepared.
Don't you see behind?

Q: Trees!

Yeah, that place has been cleared.

Q: The second question?

That is a Platform.

Tell!

You want to have?

Q: The treatment to permanently remove high blood pressure disease?

You don't have a high blood pressure, My child.

A: I am having it!

You don't, you only feel it.

A: Yes!

Don't you think the excess, I take it.

So, how do you say, you have it.

Your BP meter may show.

A: Yes!

But there is nothing on you.

What is that causing you?

Is it causing you a problem?

You are eating well.

You are able to move well.

You are able to sleep well.

What is the problem?

The excess pressure it comes to Me but I show it in the meeting for the sake of the doctors – whether you take medicine or you don't take medicine – you are healthy and you will live a long time and I do not know why I am giving you - making you to live for such a long time.

Like your country's Prime Minister – you will even out beat him.

But what are you going to do?

Anyway see, see the World and guide them.

There are times when you will sit and you will talk and people will listen to you.

That is what you both will do.

Yes.

You do not know both of you.

Just by both of you sitting down and talking with each other and if there is a group around you – do you know how much of valuable information they get – just all your experience.

You may think your experience is very little – when you keep talking then suddenly lot of things comes into play.

All of you must understand that 'Divine Prayer Book' and 'All Other Prayers' including 'One' now is all for this Age and this Time.

It may be brought from - from when human beings came into being but everything is told to you for this Time – because if I was talking in with the examples of the Past – you will never understand.

So, you see 'All My Prayers' with very simple English because that is the language that most people understand and they sacrifice their Mother tongue.

That is wrong.

They must know their Mother tongue.

All with examples of the day.

'All The Prayers' are with examples of the day.

And I do not ask anything from you, My children.

It's all an offering - and whatever can be given – it will be given to you in many folds – so that you have no worries – you can sleep well.

This is what is important – that you don't carry a burden on your shoulder.

Every act of yours – whether it is in the dream form or in the spoken form or with bodily action is like you collecting a coin and when you keep collecting the coin it becomes so heavy - so when you come to Me – I tell you – give that to Me and I give you a note of a thousand ringgit (1,000.00 RM) or five hundred (500.00) – so it is so light – and all that burden I have taken it.

That's why I say, 'I have a bowl to take all your sadness and sorrows and all what you think that you have done wrong'.

It is - you thinking, not what others think.

And I give you back success, victory and a peace of Mind.

I don't take anything else from you, My children.

I don't tell you – you can do this or this or this or this – it is left to you to decide what you want to do, whom do you want to pray to – how you want to pray - all - everything is left to you.

But you must understand – you must have Faith then you must be calm and have patience.

It is only when you have patience then time will come and catch up with you – and the time changes everything.

It is like the clouds that are moving in the Sky.

The Sun never moves - the Sun goes on its own.

It doesn't block the light.

It doesn't inform whether it is going to be bright or deemed.

No, no, no.

It is the cloud or the change of atmosphere around you that - that changes the brightness of the Sun light that comes.

If there is a black cloud, it covers the Sun.

You don't see the Sun, the whole place around you becomes very dark.

And you may have a storm with lots of lightnings and all - then slowly it moves away and the Sun is still there, the Sun has not disappeared, the cloud has moved away.

All this is governed by Time but your Life is governed by the breath that you take in and out - the Wind, yes, the Air.

So, you see how important Air is.

This Air that is floating has got all the nutritions to keep you in good health – but only you must know how to take it in and leave it out - then your cells will do the rest of the thing.

Yes.

It has got enough 'Water Vapour'.

It has got enough 'Energy'.

Everything is there.

See how beautifully these five (5) elements can interact with each other creating so many forms.

The Formless will become a Form.

You are asking that you want to make a 'Sudarshan Chakra'.

A: Yes.

Get the design a little and where she is working - the end shop - there is a Genesh jewellers - he does all the things.

Q: *Dimensions?*

Now, you will start, My child.

Wait, wait.

I will give you a small picture and then I will give you that - then you go and tell him – you want this 'Chakra' to be made.

Q: *It moves by itself, he knows of dimensions, so it moves by itself?*

Don't worry, it won't move, My child.

He will make it out of whatever material you want him to make.

And it will have the middle hole where the finger you hold – then you push it – it will rotate – but he can do it rotating only in one way or the other – it all depends where you want but otherwise you can't move it, My child.

Every day when you say your Mantras (Prayers) - do you know how the 'Chakra' takes - carries it and goes?

Q: Where is the Chakra?

You won't see.

It is not for you to see.

The Mantras (Prayers) are always carried – very peacefully.

When you say 'Surya Namaha' - what do you mean - you have charged and purified Yourself - so that whatever is spoken is all well-recorded and kept in and at the right time they spring out and tells you – this was told to you – experience it.

Divine blessing, My children.

Divine blessing.

Divine blessing.

Anandam (Blessing).

Come.

Notes:

Soul's Questions To Yourself:

1. How many times did you read 'Wisdom 17'?

1 2 3 4 5 6 7 8 9 _____

2. Did you understand every sentence and paragraph?

a) Yes b) No c) Maybe

3. What are the main points of interest for you in 'Wisdom 17'?

4. Putting all the key points together, have you understood 'Wisdom 17'?

5. What did you understand in 'Wisdom 17'? Write in a few words!
