

***Such A Beautiful Platform, Which Has
Been Constructed With Love, Truth &
Righteousness!***

Divine blessing, My children.

As you move around you come to the Spiritual Platform that has been built in a far off place, which is full of palm trees.

You have to understand that when you move out of the city, you come to places either it is jungle, desert or you come to estates which may be used in this country for rubber or palm oil.

Today, we have come to the Platform, just to have a look of what is happening.

You may be able to build what you want to build with Love, Truth and Righteousness but at the same time you must be prepared that you must have man-power and finance.

You should try and earn it Yourself if possible, if you find it difficult to earn then you must have other means to develop the place.

Look at this place?

Such a Beautiful Platform, which has been constructed with Love, Truth and Righteousness.

The Place is quiet, good for Meditation and good for individual with all types of sicknesses that they have with their Mind or with their Physical-Form to come and rest and get themselves cured.

Yes, My children.

You can cure Yourself when you come here and even when you rest and when you do your Meditation the way you want.

Sadhana must be Self-Centered, you can't bring other individuals however close they are to you, not even your Mother or your Father.

Sadhana must be done by Yourself, My children.

You have to make an effort to teach Yourself, your Body, your Mind and Soul that this what I want to do for others but I will start it with Myself first.

You tell Yourself that you must be Pure within Yourself.

It is only when you are Purified within then you are able to perform your duties well to the External World, My children, where your senses try to control you - for the senses, they work along with your Mind and your Body.

They take very little advice from your Consciousness or your Atma within you.

You must always try to do things with your Atma or Consciousness, My children.

It is only then you find, you succeed in your Life on Divine Mother Earth; but if you try to be with your Mind, with your senses and your Body then all that you gain is Material gain which will take you nowhere, My children.

Your Life must be Pure.

You must perform well.

You must always Love to be at the Feet of the Divine-Sai Nath.

He will show you the path.

He will go along with you.

Let Him hold your hand and walk with you and teach you all that you have to know.

Life is not very easy, My children.

It looks to be very simple but that is not right.

That is not the Truth.

You have to move your Life the way you want.

You have to be like the sculptor, who makes a Statue from a Stone that he has found.

Then he starts chiseling and he takes a long time because the chiseling has to be done with his Mind, with his imagination, with his dream; what is he trying to chisel out-if he wants to make a Statue, he must have the Statue in his Mind - he must have already seen it in his Mind. He must keep to what he has seen, every aspect, the ornaments, the way the eyes has to be carved, the way the nose, the way the whole Physical-Form, are you going to use some kind of clothings and you must know that, you must know what the design, the clothings are.

You have to go to every design detail, My children; then as you carve and finally when you finish, you get what you have desired- what you thought off, must be so beautiful, the same way you carve that Statue and make it so beautiful.

You must carve out your path with the right Direction that you are going to take and with what speed are you going to do it, it is all left to you, My children, it is all left to you.

Divine blessing.

Divine blessing.

Divine blessing.
