

## *And You Talk With The Soul Language!*

Divine blessing, My son.  
You are seated directly under the Sun.  
There is a reason why I have made you sit under the Sun, and I have taken this particular place.  
Sun is the Energy giver.  
Sun represents in Yourself, your Soul and your Sight.  
My son, you have travelled many miles for many hours, you have come to see Me.  
You have not come to see Me because of the legal problem that one of His companies is facing.  
No, My son.

You had to come to see Me because of the Pyramids.  
You belong to the Pyramid.  
You do not know, when the Pyramids were being built your Soul was present in another human form, playing a part in building the Pyramids.  
So, your relationship with the Pyramids or the the Valley of Pyramids in your country Bosnia, is for you to play a new role about the Pyramids in this Lifetime of yours.

I have not disturbed you for more than 55 years but now the time has come with all your experience in the legal field and in the Material world; all the experiences that you have undergone.  
You have travelled to many places, meeting human beings from different religion and race.  
It's all for you a learning point.  
I have to train you not in a classroom, My son, I have to train you in the world, in the wide-open world where you meet and mingle with human beings of the best of genius; of the best of conning; of the best of bribery; of the best of xxx which is now prevalent in this century.

And you have seen everything to the ulterior ends so that you are well versed with what is happening to Mankind.  
I was training you to understand Mankind, My son, not the legal profession that you are in.  
I wanted you to understand, Mankind is so different, you can't understand them.

They take a decision during breakfast, but they forget that decision by lunch time; and by tea time they have made a decision with somebody else other than you and by night time when they are going to have dinner they have already sent in a law suit against you or they have sent some thugs to frighten you.  
This is the world, My son.

See, Man's mind is all the time moving from one direction to another.  
Even, if I tell you, could you XYZ sit for a while, for five minutes, just thinking of just one thing, that is Yourself?  
In that five minutes your Mind would have gone to your daughter, to find out what is she doing?  
It would have gone to where my wife is, what is she trying to do?  
It would have gone to so many of your cases that you are looking after?  
See, that is how a human Mind is.  
Don't call the Mind is like a monkey.  
The monkey exactly knows My son, if he leaves this branch, it is going to hold the next branch, but your Mind does not know where is it going to have the fall or the rise.  
This is the human Mind.

Your Mind is controlled by your five (5) senses, My son.  
The sense of Sight.  
The sense of Hearing.  
The sense of Smell.  
The sense of Taste and Speech, and  
The sense of Touch.  
These five (5) senses control your Mind.

You don't understand, because your body functions with these five (5) senses and your body reacts with your hands and feet and also through the senses.  
So, there is an intake by the senses and an output also by the senses.  
This must be understood.  
That is why it is said that there is the Divine, nobody knows.  
Every religion is just pretending there is a Divine.  
None of them have a proof there is a Divine, because you can't know who is the Divine because He is a Creator of the Universe.  
After all your Earth is only a tiny micro-dot in the Universe.  
So, what do you think?  
You mean, you are micro-dot and you want to see the macro?

Not possible.  
So, religions just shows you a path, to be good, to control human beings goodness; otherwise human beings are full of bad thoughts; bad deeds, My son.  
We always want to get rich, that's all.  
Mine.  
This is Mine, this is Mine, this is Mine, everything you want it only Mine, Mine, Mine.  
You build your 'I'.  
You should always destroy your 'I'.

Don't build your ego, because when you start telling, 'This is Mine, Mine, - I am the best, I am the bravest, I am the most intelligent, then you are building your ego which gets bigger and bigger and bigger.

All human beings, My son, they are not living with themselves, they are living with the cloud called 'ego'.

Everything is the 'ego', My son.

They don't realize, they are the Truth.

They are here.

What can this do?

This will never saved Me if I have a stomach ache; if I have a finger if it is all infected.

This hand-phone will not do anything.

The pain only I will feel, not you, not her, not anybody, My son.

So, you see how important you are.

We do not look after our body that is the biggest problem.

You must always look after Yourself.

Clean Yourself well, not only outside, but even inside.

Cover Yourself well, to the places you have to cover, don't let other individuals look at you.

They must look at you in the right sense, they should not have any other form of looking at you, in a different way where they will gain a different opinion of you.

A Man's greatness is what he is within himself; what he is inside, not what he is outside.

I can show off driving a big car.

I can show off living in a big house.

But that doesn't mean I am a good person, My son.

'I could be the worse of con-man.

I am a big cheat.

I am a liar.

I am a Xxx'.

See, My Son.

You will not know.

That is why it is very important, when you meet someone, you try to find out his inner-self.

And that is the best seen is when he is in anger, a little disappointment, then he comes out with his Truth.

Then, if he is still calm, then you know, this person is a good person.

But if he comes out with anger, hatred and jealousy, then you know this is not the right person for you to deal with.

Be very careful.

You have been selected with all these characters looked into you.

I have not called you because you are a legal person, My son.

I have called you because of who you are inside, because of your Soul.

I know your Soul has taken so many births.

I know it very well.

And I know where your Soul will go from this birth, in this Physical-Form to which other forms.

You have many more duties to do.

Now, your duty is, is just starting.

You have to open up the Valley of the Pyramids, as soon as the little of the Pyramids is opened up in the right way, not in the way that is being done now but when it is opened up in the right way, then you will find, Man calling them as aliens coming in UFOs, Unidentified Flying Objects; they are not unidentified; they are all identified, perfect flying vehicles, which can disappear in thin Air, and appear back again.

Yes, they can de-materialize and materialize, My son.

In the same way, you may see this form of 'G' here, but whenever He wants, He is there, and He is there, and He is there, but does He show it you or show it to her or anyone?

All these are possible, even by you, even by her, even by any human beings; as long as their inner-self is clean.

You must have a clean slate, My son, then you get that Power, and the Power comes from where?

From the Sun, where you are seated now.

Yes.

**And, My son the way you are connected with the Superior Soul is by the way of your Spinal-Cord and there is an Energy that comes out, that connects to any Soul in the Universe.**

**And you talk with the Soul language.**

**A language that is understood throughout the Universe and you must also know, the Universe has a boundary but the Divine has no boundary because the Universe is within the Divine.**

**To reach the Divine, My son, there are different paths.**

**All religions came at different time of Age, according to the wants of that region.**

The religion never came and spread throughout Earth, My son, it just went to one place and then another religion to another place.

This are the Self-Realized Divine Souls, like you.

Just a Soul like an individual like you, but they had that Divinity in them.

What is the Divinity?  
 It is that their inner-self is clean, pure, white.  
 You wanted to know, what is white; what is black?  
 You love black color, which means you absorb, but the white color has to be within you, My son.  
 If you put all the colors together, you will get either black or you will get white.  
 This must be understood very carefully.  
 Your wife is a very special person for you, My son.  
 That is why, I brought her to you at the later part of your Life; and to bring about that little girl of yours; she is My child.  
 She is a Spiritual child.  
 When I say Mine, which means she is a highly Spiritual child.

There are many Spiritual children, on Divine Mother Earth.  
 I make them act, as My receiver and transmitter; their Mind.  
 You do not know how much of information can be transmitted and can be received.  
 For this Air in front of you, is full of electronic waves of all different types, My son.  
 Not just polluted by the burning of the carbons or emitting.  
 No, no, no.  
 That is just a small amount.

Do you know how many sms, skype, all forms of IT electronic medias are being used today?  
 They are polluting the Air, My son.  
 Don't you think that has to be cleaned up?  
 How do you clean it?  
 Who is going to do the cleaning?  
 Is Man going to do?  
 Never.  
 It is Divine Mother Earth.  
 She brings about changes to Divine Mother Earth in the form of volcanos, in the form of earthquake, in the form of storm, in different forms of heatwaves and coldness; as these come they collide and all these waves, the electronic waves will get diluted.  
 That is the beauty, My son.  
 Earth, looks after Her own health.

Like how you must look after your own health.  
 Nobody is going to come to you and say, now this is what you have to do to look after your health.  
 All that you have to do, is to call your name, live with your Soul within, look at the mirror and talk to Yourself that is your best friend.  
 The reflection you see in the water or in the glass or anywhere where you can see your reflection, he is your best friend.

Your shadow is another best friend of yours.  
 Your shadow will never run away.  
 It will not say, no, no 'XYZ, you stand here, I am going to go down and come back, it will not'.  
 It will always follow you, always follow you.  
 Have you ever sat down and talked to your shadow?  
 You won't and you have not.  
 Have you ever seen Yourself in the mirror and said XYZ, you are so good, you are a nice boy, I will take you and go, and give you lots of french-fries and salad with salt and pepper; so you can eat.

You have never told that.  
 And tell your finger, 'Get Well, Get Well, Get Well'.  
 It will definitely 'Get Well', because it is yours, it belongs to your body.  
 If you want to take this phone, if something goes wrong, you can't do anything because you don't have that brain to do it.  
 But if something has gone wrong with your body, it is already, the first sign is; it gives you a pain.  
 So, don't think if there is a pain somewhere, it is bad sign.  
 No, it is the first sign to tell you, this part of your body is not good.

If you find difficulty in breathing, it says, there is something wrong, not only with your lungs but also with your blood supply.  
 Yes.  
 The blood that it carries, it takes in a lot of dirt all the time, from the different parts of your body, carries it to the lungs and then throws it out by way of gasses and by sweat, it comes out.

So, you must know all these difficulties in breathing, coughing, unable to see.  
 It gives you all the signs of something is wrong with you.  
 And you must be careful, My son.  
 If this goes wrong, I can send it to the shop, it can be repaired and brought back.  
 But if this goes wrong, you cannot take it out give it to little ABC and go, 'Can you repair it in Kuala Lumpur, and bring it back'.  
 It has to be with you.  
 The only person to whom you can talk, is Yourself, your reflection in the glass or in the water or to your shadow.  
 Tell, you see, this is going, it is like this, My finger, it is hurting me, please cure, and you tell your body, please cure it, please cure it.  
 It will go.  
 But you do not talk.

You keep quiet and you say, Oh, ABC could you ask 'G' to get me a pain-killer.

So, why?

Why can't you talk to Yourself, because the Doctor is within you, because this belongs to you, not belongs to Me, neither to her or anybody else, My son.

So, you understand, that if you want a good healthy body and you must look after it very carefully.

This is the only property that you have, from the time you started developing in the Divine Altar of your Mother, the Uterus.

She gave all parts of Herself to form your Physical-Form, the body, then She delivered you, then She converted Her blood into milk, and She fed you.

Then, She gave you all the helping hand with food, and brought you up.

So, you understand.

So, this body, you must look after, and it has to stay in good health, until the last breath you take and when your Soul tells you, 'Now, I am leaving'.

When it leaves, now, your body disintegrates, or if you burn it, it will all go into the five (5) elements, 'Earth, Fire, Water, Air and Space'.

Then, if it has happened to Me, if My Soul goes, this 'G's' Soul goes, 'G's' body disintegrates into the five (5) elements.

That is the end.

It will never come back in the same form anymore.

Even, His wife can cry, His children can cry, it will never come back.

And even if He comes back not in this Physical-Form is only once.

So, the Form you have, look after it very carefully.

You asked, what is good for my health?

You have to look after your health.

Lemon, is one of it.

Whatever 'G' tells you, through whom I am talking, listen very carefully and just do it.

Don't argue.

No question.

Like how she does.

Today, all the Prayers are intact, put in Books is by her.

She transcribes it, types it, translates it and puts it in a Book form.

Like how you do your cases.

You have to think.

Then you have to type.

Then you print it out.

Then you represent that case in front of the judge.

And you win the case.

From now on, every case that you take, the Pyramids will help you to bring success.

Remember this very carefully.

Look after every individual, who comes to the Bosnian Pyramids.

And go and see those stones, which are all round in shape.

You do not know, people do not know what is inside?

It's full of message, stored in the form of a stone.

Remember this, My son.

Whenever you have any difficulties, go to the Pyramids and talk to it.

Go and look at one of the big stones wherever there is.

And if you feel, that you are already in the Valley of the Pyramids, why don't dig a little bit, you will see some more stones are underneath.

There are plenty of them.

There is plenty of raw materials under, My son.

They are all very special materials which are imported for communication with distant planets.

That is why the Pyramids were built.

As a communication center with distant Planets and informing that Mother Earth is in good health.

Yes.

Even they want to know, is Mother Earth fine?

And there are lot of secrets that are hidden and kept in the Pyramids, about Divine Mother Earth; about all the species that are found on Divine Mother Earth; about all the Universal Forms that come from these information which are kept very secretly in the different Pyramids; and not only in different Pyramids but above the ground.

There are plenty of them below in the deep oceans, My son.

That is why some of these Universal-Forms when they come, they go right into the Water.

They have their living quarters or their place of stay on Earth, is in deep inside Divine Mother Earth.

These are all secrets.

They will slowly, come to be known by Mankind.

Let the time comes.

Now, that you have known Me.

Do your work, My son.

I will hold the umbrella above you so that you don't get wet, you are well protected.

Like how little ABC is protected.

Divine blessing, My children.

Allah's blessing.

Allah's blessing.

Allah's blessing.

Notes:

Soul's Questions To Yourself:

1. *How many times did you read 'Wisdom 32'?*

1 2 3 4 5 6 7 8 9 \_\_\_\_\_

2. *Did you understand every sentence and paragraph?*

a) Yes      b) No      c) Maybe

3. *What are the main points of interest for you in 'Wisdom 32'?*

\_\_\_\_\_

4. *Putting all the key points together, have you understood 'Wisdom 32'?*

\_\_\_\_\_

5. *What did you understand in 'Wisdom 32'? Write in a few words!*
