

It Is For The Arrival Of 'Shirdi' That I Had To Have This Prayer!

Divine blessing, My children.

'OMm Surya Namaha' - (5x)

Very auspicious day, auspicious in the sense that all of you who are seated here, you represent Moon Altar, Sun Altar, the Earth Altar and the others represent 'Baba'-Present here, the 'Atma Murthy' and the 'Shirdi Baba' who is coming.

It was made possible by XYZ's family.

Whoever have come to serve, they will get back many folds.

I will not owe anyone.

Whatever contribution that you bring about in your own way, in the Material world, will be returned to you in many Spiritual Grace that I bestow on you, My children.

For all the different generations that you have taken birth in the Past, in all these generations that you have taken a Form, not necessary just the human Form of other species in any other part of the Universe.

And many mistakes have been done, knowingly and unknowingly.

You have to leave all these karmas or mistakes or actions that you have done to hurt another.

It could be a very simple hurt or it could be a major one where you may have Physically abused someone.

All these karmas or actions for which you have not paid back with a reaction of good offerings, all that has to fall away.

Today is one of those days, where everything is forgiven or you become liberated, My children.

In the sense, that you take part with the 'Atma Murthy', with 'Satya Sai Baba' and the arrival of 'Shirdi Sai Baba'.

They were all Divine Avatars, Divine Conscientiousness.

They had come in many Forms at different times of ages to show Mankind that Man-you are taking the wrong ABC.

You are making others around you uncomfortable.

You are trying to hurt Mother Nature.

You are destroying species.

You are trying to change the landscape of Divine Mother Earth, which is wrong.

All that you do in the name of progress or development is to make Yourself comfortable.

But when Man starts making himself comfortable, he starts eliminating other human beings around him.

He wants to be alone.

He wants to be the richest.

He wants to own everything.

So much so, today, on Divine Mother Earth, major part of Earth which can be used for commercial purposes held by just about a thousand individuals on Divine Mother Earth. All that they do is, they bring about development, they take away farm lands from the poor and they bring in machines that can work on thousands of acres of land just in a few days for their cultivation.

Just imagine, My children, all these were occupied by family owned properties of one acre to half an acre.

All that, the rich buy it over.

All that they call is they are forming huge markets, taking away the business from the retailers who are there.

All the big malls have come up.

All the developments, big companies have come up, and they are stealing human wealth.

And who is looking to save the people's wealth?

Wherever you go now, you just see a notice board saying the name of the developer. Agricultural farms, their huge machineries they use.

It is good that they may be producing more food grains, but you are taking away the livelihood of families which have been depending on Divine Mother Earth.

Fishing was done by families.

Today, you have big trawlers.

Not only that, they have fish factories in the sea itself.

Everything is canned and brought.

See My children, how human beings are destroying others around them.

You have to be careful.

It is to bring about an understanding for this age that 'Shirdi Sai Baba' came about.

Then, 'Satya Sai Baba' has come and gone and now the next Avatar is the 'Prema Sai Baba', which you will see in your generation and your children will see and be with Him.

It is because you had given Me the opportunity to build the 'Moon Altar', My Child, from where I started.

First, 'Moon' must be respected for it controls the Mind.

Once the Mind is controlled, then you look upon the Sun to bring about the Energy that needs to be within Yourself.

That is how the 'Sun Altar' came about.

And to bring and uphold Dharam or Righteousness, I had to bring about the 'Earth Altar', My children.

It was not done for fun.
 It was not done for a name of fame that everyone today wants.
 Nobody knows where is the 'Moon Altar'.
 Nobody knows where is the 'Sun Altar' or the 'Earth Altar'.
 Only a few of you know and even now, nobody does the Prayer to the 'Crystal Ball' there.
 You must pour water every day, My children.
 Don't forget.
 It is to remind you that I have called you today.

My children, all the religious teachers, whether it's Mohammad, whether it's Guru Nanak, or Jesus, or any of the religious teachers, they just came to bring about a message telling Man, go back to human values, look after your instinct, look after your intuition, look after the feeling that you can bring about within Yourself and be with emotions that you exhibit with body language.
 Feelings are exhibited by the tears, My children.
 There are tears when you shed when you are sad, when you are grieved.
 There are tears that you shed when you are happy, when you are successful, when victory comes about, when you find you are very comfortable extremely.

Divine Pleasure is different My children.
 It is so important all of you, to whom I talk I make use of your Mind to transmit and receive to all other Atmas in the World.
 They can be in any species, by the human being.
 They too receive the same Message as I talk to you, not to your Physical-Form but to your Atma or Soul within you.
 My children, you may think I am not looking after you.
 As long as you have Faith in Me, I'm all around you, in front of you, behind you, to your right, to your left, above your head, below your feet, and if I know you so well, then don't you think the protection is always there.
 This is what human beings should look for, a Divine Protection at all times so that you perform the right thing.
 You may forget to call 'My Name' but I call your name.
 I'm always there and whenever I want something, I make you do it.
 You do not know how I organise My play so that I may hurt you a little but it is a hurt of Love, My children.
 So that you pass over the bridge and there you are.
 Victory and success and pleasure and happiness comes to you.

But they shouldn't stay with you, My children.
 It is like the cloud that is hiding the Sun.
 The clouds maybe beautiful, just very thin, you can see still see the Sun and the blue sky.
 When they become very thick, then they become with different colours.
 When they become with different colours, they bring about the lightning and the thunder to say that here we are, we are going to pour very heavily.
 And the wind takes part and brings about a big storm.
 You call it typhoon, you call them by different names but they have to come and go, My children.
 And you have to learn to protect Yourself for you are a human being.
 You are living in a Material world which has been given to you.
 If you can't protect Yourself, then what are you going to learn, My children?
 What are you going to tell the generation that comes with you and after you?
 It is like the kitten.
 When the little cat has given birth to five (5) kittens, she allows them to drink her milk very comfortably.
 Then she does not want other species which can destroy her children.
 So what she does, she carries them one by one to a different destination, so that the enemy does not know where now the kittens are.
 See how beautiful she catches them by her teeth, My children.
 But it will never hurt the little one.
 The little one never screams.
 That is Love, My children.
 That is the Love you have to give to your children.
 See how nicely she picks the kittens and takes it far away, jumps from one beam to another and then it leaves and it comes back and picks the next one slowly.
 It's full of Love.
 This is what human beings must learn.
 Look at the monkey.
 The little one is there.
 When the Mother is going move, you see how tightly the little one holds the Mother because the Mother says, 'You have to learn this. In our species, we have to jump from branch to branch. So you must learn.'
 Now, as the Mother jumps, the little one hugs the Mother the same way as the Mother is holding the branch and moving to the next.
 See, so beautiful how the Mother teaches and the little one knows if I leave my hand I am going to drop'. The Mother has told the little one, 'Be careful but you have to learn.'

It is like a bird in the nest, My children.
 The little ones are there, how tall some trees are, even a hundred meters high, you must know in the jungle.
 But the normal tree is about hundred feet or two hundred feet or less.
 But there, the bird makes a beautiful nest, nobody taught it.
 Never went to a school to learn.
 Instinct, My children, is all given.
 The Divine gives it everything in the Mind of that bird that comes out of the egg.
 And that little bird grows and when it has grown fully, it still doesn't look down.
 The Mother says, 'Don't look down. Be inside and just stay there. Don't move. I'll let you know when you can do what you have to do.'
 Then the wings come out and the bird comes out, the little one.
 And they start swinging their wings but the Mother says, 'Not ready yet.'
 Because the Mother is watching from far, the moment it finds the little one is trying to fly, she comes back and pushes the little one inside.
 And once the little one grows a little bit a bigger with all the feathers, beautiful feathers, and then when the Mother and the Father, they sit on one side and they fly in front of the little one, what do they say?, 'Come My child, come. This World is yours. Come. You have to create the World for Yourself. We can't help you anymore. Now you're an adult. Now it is up to you to bring about the eggs, get your partner. Then, go, one bringing the next generation.'
 Look how beautiful it is, My children.
 They're all Mothers.

That is why even Earth is called as 'Mother Earth'.
 See how beautiful to be a Mother.
 And you understand when the fetus is growing in the Divine Altar of the Mother, the child is always a female.
 It becomes a male only after a time when the Mother's Mind and the child's Mind, they meet and they say, now; Male, now; Female, now; Male-Female, now; Female-Male.
 It's a secret.
 That is why half of you is different than the other half.
 If you go very carefully, look at the mirror, see, there's always a difference.
 Yes, the whole World is different.
 You have to learn to live with them.

'Shirdi' has arrived.
It is for the arrival of 'Shirdi' that I had to have this Prayer.
Watch 'Shirdi' arriving.

Then all you Mothers, you'll have to place Him at the right this one, till He is lowered to the ground and pushed to the right position.
And take a video of everything that is happening, from the lorry, the lifting, till He comes in and He stays.

Anandam (*Blessings*), My children, I will continue at a later time.
 Anandam (*Blessings*).
 Anandam (*Blessings*).
 Anandam (*Blessings*).
