

***It Is Another Year, Divine Mother Earth
Has Been Looking After All The Species
That Live On & In Her When Mother
Nature Playing Her Part To See That
Comfort Is Given!***

The year is coming to an end.

It is another year, Divine Mother Earth has been looking after all the species that live on and in Her when Mother Nature playing Her part to see that comfort is given.

Yes, it is true She brings about changes to Herself too so that Divine Mother Earth is able to inform all other Universal-Forms that She is active and She is there.

Yes.

All the different Universal-Forms must understand that Divine Mother Earth is performing Her duty to the best, in the right Direction, in the right Speed and in the right Time with the Moon moving around Her, again at the right Speed, Direction and Time.

Divine Mother Earth is so beautiful, is so kind. She never wants to punish anyone even though Man destroys the beauty that She has brought about on Her own, Man calls it as landscaping for his own benefit not allowing Her stream to flow in the right Direction, in the way it has to flow, but he makes a canal; he built it and redirects that stream away and then he expects Mother Earth to keep quiet.

No, My children.

Whatever you do to Divine Mother Earth, you must do it with Her permission, following Her Directions so that you do not destroy Her.

Yes.

In the last few months, She has been making tremendous changes all over, through volcanos, through tsunamis, through earthquakes, through storms, through flooding.

And he feels, he can with his brain power do things for the benefit of Mankind and Mother Nature.

No, My children.

He may do it for Mankind but not for Mother Nature.

Mother Nature knows how to look after Herself.

Whatever is within the gravitational pull of Divine Mother Earth cannot be changed, cannot be removed, it has to be in the same composition at all times, maybe taking different Forms.

That is all.

This must be understood by Mankind.

If he understands this, then he will understand that She can't do anything to improve environment as a whole.

He may be able to improve environment in the building, in a small place.

Yes, he may be able to do that but nothing more than that, My child.

So, the last year of this year which comes to an end today for the calendar changes, nothing else changes.

Don't think the World will come to an end or the World is getting shorter in Lifetime.

No, My children.

Divine Mother Earth will always be there.

It is only Mankind, you have been given the power to live for 121 years, but Man of today lives to about 80 to 90.

It is a very few who can pass that stage of age.

All what you are doing My child is to keep a record of all My Prayers for future generations, not for the generation of today when you are doing the recording and the transcript is done and you store it in a 'Book Form' or in any Form that will come in the Future too; in a disc, in different forms that Mankind is bringing about, in the thumb drive and even smaller instruments are coming.

Finally it will come to the thinnest of your hair.

Yes.

You can store everything with you.

That is Mankind of today, My children, for they will never understand My Message that I give to all of you now, for My Message is for Mankind, it does not belong to any race or religion or creed.

This must be understood very clearly.

It is meant for the Soul.

The Soul understands the Message and at different time of your age, as time passes by, there are different time zones when you travel through, you pass through different experiences with your Physical-Form, and at that time, you start realizing, this was written in this Prayer, and this is happening to me now.

Yes, My children.

Every Prayer of Mine is for every individual, for every different Souls, My children.

It is not just meant for you, when another reads it is meant for that person, when another reads, and if another reads and it all looks like it has been written for that particular individual Soul.

It is up to you to understand, it will be difficult to understand My Messages, but if you are careful and if you keep reading it over and over again, then the right meaning will come to you, for it is nothing new My child that I am teaching you, all these have been taught and experienced by the Souls that have come to Divine Mother Earth.

One of the Souls is yours too.
 In the same way like all the Souls of human beings of today who are Present.
 They leave when the time comes.
 They leave behind the five (5) elements, and they are on the journey in the Universe.
 They come back to Divine Mother Earth at different time of age and they take another Form, another Physical-Form and experience that Form's behaviour on Divine Mother Earth.
 Now understand, that Form's behaviour on Divine Mother Earth.
 If you take a human Form then you take that Form's behaviour, and you experience is according to what is happening on Earth at that very moment, My child.
 It is not what you have experienced in the Past, when you visited Divine Mother Earth and you took a Form.
 Every time you take a new Form, the behaviour becomes different, the character is different.
 You acquire some characters.
 You bring about with you some characters and then you combine them together and try to perform your actions according to the surroundings that you are living in.
 You forget at that time that you have a Soul, and you must consult your Soul, but instant you consult your Mind.
 The Mind never wants to consult the Soul, for the Mind feels that the Mind is the superior Form in that Physical-Form; and the Mind feels I have my five (5) consultants: Sight, Hearing, Smell, Taste and Touch, and I can move along, and I have my 'weapons' of movements of the hands and the legs, and I can bring about the next generation through my sexual organs.
 Yes, that is all the Mind thinks off, nothing more.
 The Mind wants to keep on moving by taking decision on its own, fails to understand if the decisions are taken by the Soul then it becomes a perfect decision that is the difference.

That is why you have to keep calling your name so that your Soul comes and helps you to move on, on Divine Mother Earth.
 All that you are doing on Divine Mother Earth is to take this Physical-Form and you are spending time.
 That is all, My children.
 But half the time you try to frighten Yourself.
 You get angry.
 You hate individuals.
 You are jealous.
 Your greed and your ego keeps you tide down to Earth.

Anger is the worst thing to happen, My children.
 Like how you, when you get a little worked up, you forget even respecting individuals, even respecting 'G' through whom I say these words to you.
 All the respect that you had, is all gone, My child.
 Very difficult to understand this for earlier whatever He says, it was 'Gospel Truth'.
 Today, no.
 Today, you start reasoning with your Mind.
 Can you reason what He is doing?
 You can't.
 You will never understand.
 All that you feel is that I am performing duties for Him, I am doing more than what He wants and I deserve all these things.
 Do you deserve, think?
 Do you earn it Yourself, think?
 Who gives it to you, think?
 Do not ever think that you are working and you deserve these things.
 No, My child.

Everything is being offered to you, for your Soul is a beautiful dot, that is why you are called as little ABC.
 Not, your Physical-Form, no one is interested in that.
 It is the Soul that is within you, which is being admired by 'G' and by all of us.
 Yes.
 So, just perform your duties.
 Do not talk that, 'I must have this, I must have that, I must do this, I would need this'.
 Nothing you need.
 Everything will be provided at the right time.
 You can't earn all these things, My child, it has to come, and to you it is an offering; for it is an offering.
 Why?
 It is because, there is nothing to be returned.
 You just keep taking.
 It is not a donation where you have to recognize it.
 It is not a salary where you have to sign papers, My child.
 Understand your role now, very clearly.
 Do not argue when you are doing Prayers.
 'I am doing this, I am looking into all the accounts'.
 Nothing at all, My child.
 He does not need anyone at all.
 Not even you, not even any of His friends, any of His family members too.
 He can do it all by Himself, and to do all these things, the Guardians are there.
 But it is to give all of you an opportunity, to be there, and to be happy.

Let the World be a happy place for you, just move on, just perform your duties, and just go on.

Don't even look at it as a duty, look at it as an offering that you are giving a garland to Me.

Yes, think of it as a garland to Me and you will never go wrong.

No religious books ever teaches you what I am telling you now, My child.

You can go through all the religious books that have been written from the time Man was able to communicate, there is not even one place where it is written like what I am talking to you right now.

I talk of the simplest of simple things, for what I talk must be understood by all the Souls, whatever Form that they have taken, that is not important.

It is the Soul that is important.

Everything will go well, nothing to worry.

Divine Mother Earth will make many more changes.

Let Her keep making Her change.

But perform your duties.

Yes, write all the Prayers, it is important, not for you and for the generation you are living with, it is for the future generations who will cherish and become true human beings.

Yes.

All that I have come is to make every individual a true human being.

Respect human beings.

Yes and save all the species.

Not just one species, like how you call the green peace who are trying to save the wales.

Why can't they save the chickens?

Why can't they save the cows and the sheeps that are being slaughtered?

Why?

Why that particular specie?

What has that done?

It is all for the name, My child.

It is all commercial values.

It is all advertisement.

It is all for their name, so that everyone knows, oh they have gone into this place, so and so's, the name goes down in history.

Everyone says that America was discovered by Columbus.

Some says Singapore was discovered by Raffles.

Who said, the Raffles?

They were already individuals staying there.

What are you trying to discover?

Nothing on Divine Mother Earth was discovered by any individual human being, it is all there.

It is only thing they did not record, they did not have the way to communicate, My child.

That is the difference.

Everyone wants a name.

Everything is recorded.

But when some places the recording was not there, so they didn't, so the name is forgotten and someone gets the name.

This is the only person who discovered.

It is all wrong.

Man must try to understand that all human beings are equal at all times, not only at certain times, but at all times, you must respect.

See how I bring about the understanding of the Soul, My child.

I have never asked any individual for a contribution.

No, I give and I do not take.

That is the way offering goes.

I do not go around asking, I want to build this, so I need money.

No, My child.

You do not know how much the Guardians do.

That is why all the money has been spend on.

For they perform work which no one can perform, but they do it like human beings.

Travelling with Me at the time.

You do not know how well 'G' is protected.

He does not need any protection.

When I say 'protected' means, to attend to His needs at any one time that He needs, if there is no human beings around.

They become humans and they perform their duties.

All will go well, My child.

Let the time change, and you bring about 2012.

Man's recording.

It is all a measurement of time.

Nothing more than that, My child.

It is to inform you when you arrived on Mother Earth and how long you have lived.

That is what your birthday comes and it says that everyday must be a new day for you.

Everyday is a birth of a new day and it is a birthday.

Man must understand how to respect the Parents who have brought them to Divine Mother Earth at that very time and delivered to Mother Earth.

Mother, it is time for you to look after, I have done my duty of looking after this child in the Divine Altar of mine that is what the Mother says, yes.

Divine blessing, My child.

Everything will go well and it follow My time not any other time.

Allah's blessings.

Divine blessings, My child.
